SURGICAL

CERACOAT™ CERAMIC SUPERCUT SCISSORS

Introducing CeraCoat™ Scissors: a new generation of our famous SuperCut scissors, coated with a layer of hardened ceramic.

This coating creates edges with unsurpassed ease of cutting and durability. Reduced friction provides a smoother glide action and unrivaled precision when cutting soft tissue.

Elevate your operating experience with the next generation in surgical scissors from Black & Black Surgical. Choose from popular patterns like Aston, Gorney, Kaye, and more!

Razor-like edge of SuperCut stainless steel

Hardened Ceramic coating for smooth glide and durability

Gold pin-screw
